

BACKGROUND

The Ghana Co-operative Pharmacists Credit Union Limited (GCPCUL) was established in May 1985 to principally service the financial needs of pharmacist and related staff of pharmacies and its allied companies.

Traditionally, GCPCUL provides competitive financial products and services whilst structuring interest rates and fees in a manner that will not threaten profitability. The GCPCUL has grown from a total membership of 15 in 1985 to about 3683 as of 31st December 2022

The initial target market of the GCPCUL was Community Practice Pharmacists, who owned and managed Pharmacies in Ghana with the aim of assisting them to raise funds to facilitate the importation of drugs and other Chemicals to promote their businesses.

The predominant service areas are Accra, Kumasi and Takoradi.

At the 23rd Annual General Meeting (AGM) held on 12th March 2009; the house approved the opening of the common bond to include non-pharmacist who desires to be a member of the cooperative credit union. This has thus opened the potential market for the union and will require proper planning and targeting to get the best from the market.

The Union is governed by the Board of Directors (BOD). Day to day operational work is done by management under the direct supervision of the board and facilitated by other elected committees. These include;

- **The Supervisory Committee (SC)**
- **The Loans Committee (LC)**

Apart from the elected committees, the BOD appoints other ancillary committees such as the Education Committee (EC) and other Ad hoc committees to provide necessary support to the main activities of the union. Members of the committees serve on voluntary basis.

This document is a plan to position the Union favorably in the market for the next three (3) years.

VISION

To become a financial partner of choice responding to all member needs whilst maintaining the Co-operative identity.

MISSION

Ghana Co-operative Pharmacists' Credit Union Ltd. is a financial institution that serves registered Pharmacists, other health professionals, non-Pharmacists working with Pharmacy-related institutions, and others who have been prequalified. We are a member-driven, cooperative financial institution that offers affordable and accessible financial services while promoting financial well-being, community development, and social responsibility.
